Breaout over South Africa

Jueves, 16/05/2019

To promote the bilingual week in our school, we have carried out a break out. Students in small groups have to pass different challenges to save South Africa and Nelson Madela. The break out has a purpose and each activity involves all students to work cooperatively in order to go through the next challenge.

Every challenge is given to them after passing the activity and appears in any moment Nelson Mandela as the protagonist as well as South Africa and the superheroe (black Panther) who will help South Africa in this break out
